

SCHOOL OF DESIGN
SWARNIM STARTUP & INNOVATION UNIVERSITY
 UG – DEGREE (80) –INTERIOR DESEIGN

Course	Bachelor of Interior Design
Aim & Objective	<p>The Interior Design Program explores the behavioural, technological, environmental and aesthetic aspects of interior design within the context of increasingly more complex design projects. Combined with Art and Art History and general education requirements, a core of interior design course creates a unique education at the forefront of design. Education of the Interior Design as a profession and a discipline, focusing on man's engagement with space. It aims at developing thinking, inquiring and free spirited individuals with a reflective outlook towards making responsive choices.</p> <p>The Bachelor of Interior Design program is structured to allow students to understand human habitation by exposure to different contexts through various means like in-class live like experiences, field trips, living with craftsmen and case studies encountered at various phases in the student life. These engagements enable the students to be both reflective and responsive designers.</p>
Pre-requisite	12 th Science/Commerce + University Examination
Semester – 1	Design Studio – I
	Basics of Design – I
	Building Material & Construction – I
	Technical Representation Drawing – I
	Humanities
	Introduction to Entrepreneurship
Semester – 2	Design Studio – II
	Material & Construction – II
	Technical Representation Drawing - II
	Structure
	Design Process
	History of Interior Design – I
	Introduction to Innovation & Ideation
Semester – 3	Design Studio – III
	Material & Construction – III
	Furniture Design – I
	Services – I
	Light Design – I
	History of Interior Design – II
	Business Model (Plan & Execution)
Semester – 4	Design Studio – IV
	Material & Construction – IV
	Furniture Design – II

	Services – II
	Light Design - II
	History of Interior Design - III
	New Venture Creation
Semester – 5	Design Studio – V
	Material & Construction – V
	Furniture Design – III
	Climatology
	Specification & Estimation
	Electives
	Scaling up the Venture
Semester – 6	Design Studio – VI
	Material & Construction - VI
	Furniture Design – IV
	Professional Practice
	Research Methodology
	Electives
	Growth & Expansion of the Venture
Semester – 7	Professional Training
Semester – 8	Thesis/ Project Work
